Interior Designer

Ameya Design Pvt. Ltd. / Hyderabad, India / 2020 – 2023

- From conception to completion, I managed a design team as well as a software development team for architectural and interior design projects, overseeing the delivery of working drawings and the application of creative design concepts to optimize space and resources.
- Integrating new products, materials, and services into projects enabled us to stay current with industry trends and advancements in design technologies.
- Set a priority for consumer needs and client satisfaction by developing innovative solutions that exceed expectations.
- Managed product selection and specification, interactions with clients and other stakeholders and bringing in samples for review to have aligned outcomes.
- Developed strong relationships with design, software, and construction professionals to ensure project success and adherence to requirements through open communication and careful inspection of materials and drawings.

Independent Projects

Hyderabad, India

- Residential Project in Karimnagar, India: Managed planning, design, and execution
- Kitchen Design Project: Developed plans and designs
